

Welcome to rendermd

Paste an LLM response on the left and watch it render on the right.

Features

- **Bold**, *italic*, and `inline code`
- Lists, tables, blockquotes
- GFM task lists:
 - ☒ Done
 - ☐ Todo
- ~~Strikethrough~~ and other GFM
- Math via KaTeX: $E = mc^2$

```
function greet(name: string) {  
  return `hello, ${name}`;  
}
```

Click **Export PDF** to print the preview. Your draft autosaves to this browser.
